## Our Infrastructure

We ensure that our students get the best facilities, which we understand is important to bring ease in learning. All the facilities available at GEMS High meet good standards. All our classrooms are spacious and Ventilated with optimal temperature, conducive to learning.

### 1. School Building

GEMS school building is MADE IN E-shape. Which has specious veranda, possess two floors with proper planning and ventilation.

## **2. Ventilated class**

I have been hearing about the positive classroom climate. What does this mean?

Classrooms in GEMS are full of prevailing mood, attitudes, standards. A positive climate feels safe, respectful, welcoming and supportive of students learning. A good pleasant classroom definitely forward the good teaching learning process.

### **1. Laboratories.**

Separate Laboratories as Chemistry, Biology and Physics are well equipped and well furnished with proper scientific equipment and accessories. Students explore their scientific attitude and interest doing frequent practicals based on Chemistry, Biology and Physics.

### **2. Children's Play Zone Or Play Ground.**

It has two spacious play grounds one to hold the assembly and the other for playing ranging with Volley Ball, Kabaddi, Kho-Kho & Running track. GEMS school possess a good play zone for all the children in the campus itself with beautiful plantation and green boundaries. It also has natural environment for children to explore their masti and sports activities.

### **3. Computer Laboratory**

Gems laboratories are well equipped and well furnished with desired number of computer. Ratio of the student computer is 1: 2. Master computers are connected with internet facilities for teachers to collect the study material. Students foster their education integrating with information & technology.

### **6. Library**

GEMS school has perfect tranquility of life which is nowhere to be found a faithful friend and a good library. It is well equipped and well furnished with spacious reading room where children meet their world wide friends, that's the books. The library has many fun, story, picture, art, craft books. It also facilitates the study material for all the classes where children love to go explore their Knowledge.

### **7. Digital Classes**

GEMS shortly let the students indulge in the new advanced

Technology of the teaching-learning process. School has taken initiative of smart classes to make the teaching learning interesting and also for better conceptual learning to stand with the whole world. Students enjoy learning with fun.
